Relax and enjoy!

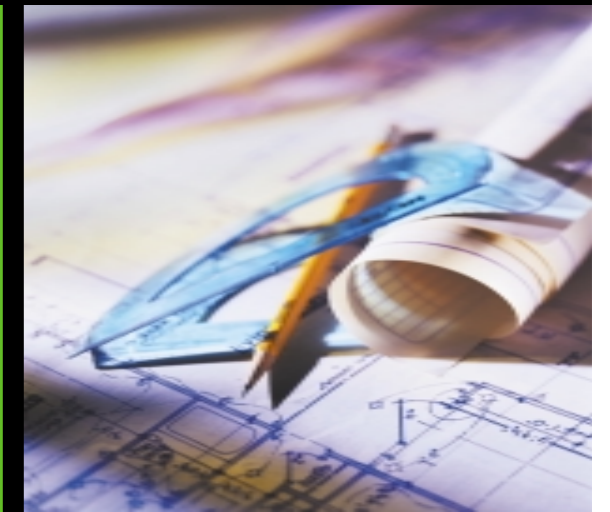

improve your pad.

welcome to the **building company uk**

IMPROVE YOUR PAD

“a skilled workforce who have proven themselves to be **competent and trustworthy** through their lifetime of **experience** in the building industry”

care & vision above all else

A SHARED GOAL

the vision

TBCUK's involvement with your project will be guided by your needs. At its most comprehensive it will begin with your initial idea. We are able to provide a comprehensive architectural service from blueprint to finished build. This will guide you through building regulations and planning permission, whilst inspiring you with forward thinking concepts and designs.

The building work itself will be carried out by reputable tradesmen under the watchful eye of the company principals who have first hand experience of self-build and the worries you might be experiencing! Amongst our portfolio we have experience with bespoke timber frame houses, conversions and extensions.

Aim high – you'll be amazed at what we can achieve together.

A FRESH APPROACH

what's new?

Home improvement and house building is not a new phenomenon, so what can we offer to make it a different experience?

- An approachable, helpful team ready to advise and assist
- To us it's never just another job
- We are here to provide a hassle-free, professional service from start to finish
- With TBCUK Ltd you will come to expect no less than we expect of ourselves
- A personally assigned project manager to handle all your enquiries – contactable by telephone, fax, e-mail or text
- An after sales service – we actually care as much as you do

We're not just another building company – we really can offer you a breath of fresh air from the building trade.

A SOLID FOUNDATION

about us

The Building Company UK is the coming together of 32 years of experience in local business and the building trade. The company ideals were born out of a growing frustration at the declining reputation of the building trade. Our company principals, secure in the knowledge that they are able to 'do better', have incorporated some of the most experienced and respected local tradesmen to provide a package second to none.

The range of services provided are carried out by a skilled workforce who have proven themselves to be competent and trustworthy through their lifetime of experience in the building industry. This is coupled with their successful involvement in personal property development and extension projects.

We hope our fresh energy and enthusiasm for the work we do will be infectious!

Rejuvenating your kitchen

IMPROVE YOUR PAD

our profile

The Building Company UK prides itself in being able to provide a comprehensive service. This means that we can also undertake more modest projects such as rejuvenating your kitchen or bathroom. This can include design and fit should you require. Maybe you're looking for an individual 'heritage' style garage to house your pride and joy?

We provide a professional, friendly service for all.
